THE ONLY ICE PLANT IN THE NEW COUNTRY IS TO BE LOCATED AT ANADARKO

INSURGENT CREW ARRESTED

Twenty of the Band Lodged in Jail at Muskogee.

Muskogee, I. T., Feb. 19.—Twenty-four members of the Crazy Snake band who were arrested yesterday near Henrietta were brought here today and lodged in the federal jail. Lah-Tah, Mingo, and nine others of Crazy Snake's band escaped from the officers. Several of the number were in last year's uprising.

Nothing has yet been heard from the Ishparbecher home, where on Monday evening a band of twenty full bloods, led by Chitto Harjo himself, were endeavoring to take an American flag from the ex-chief.—The Oklahoman.

Oklahoma O. K.

Guthrie, O. T., Feb. 20.—Western Oklahoma is buried under the heaviest snow since the opening of settlement. In Blaine and Grant counties it is over two feet deep and in many places the trains cut through drifts of three and four feet. It is estimated to be worth \$200,000 to wheat growers of that section.—El Reno American.

Guthrie, O. T., Feb. 20.—The Katy road announced to the citizens of El Reno and Anadarko its intention to build through those cities from Guthrie and on southwest into Texas, a distance of 150 miles.

Guthrie, O. T., Feb. 20.—The officers of the M. K. & T. railway, commonly known as the "Katy," have notified the commercial clubs of El Reno and Anadarko that proposed extension of that road into Texas from Guthrie will pass through or near El Reno and Anadarko and have expressed a desire to confer with committees from those cities in regard to right of way and other preliminaries respecting the route. The officers express an anxious desire to accommodate the people along the proposed route as far as possible and they invite this conference.

Washington Day.

Both banks will be closed tomorrow out of respect to the "Immortal George." Today the schools have exercises suitable for the occasion, the W. C. T. U. celebrates tonight at the reading room with an entertainment and tomorrow night the people will have an opportunity to eat chicken pie for the Christian church, also at the reading room.

Undertaking business in connection. 1371f

Gun Club Organized.

There was a temporary organization last night of a gun club. W. I. Lacy was elected president, and A. T. Boys secretary, and Messrs. Vivian, Boys and Taylor were appointed a membership committee.

There were a goodly number present and much enthusiasm prevailed. Another meeting was set for Monday night.

Sport, the protection and preservation of game, and the becoming of expert shots by practice, are some of the aims of the club for its members.

Mule vs. Horse.

Horses brought into Oklahoma during the opening of the Kiowa-Comanche country last year have suffered a heavy mortality. Settlers have scarcely afforded ample protection for live stock, as a rule, and horses have suffered, whereas the hardy mule has repaid well the farmer who brought him into the new land and left the horse at home. The change from timothy and clover to prairie hay has also proved the undoing of many a horse, but the mule rises superior to such minor conditions.

Oklahoma's Turn Next.

Kansas and Nebraska merchants are being visited by a special train load of members of the commercial club of Kansas City. Oklahoma always feels very kindly to the city on the banks of the rolling Missouri and the mouth of the "raging" Kaw and has always thought her progressive, far-seeing, in advance of the times, and she thinks so yet, but (and this isn't sour grapes either) how did it happen that Oklahoma is not visited also? There is only one way to account for it and that is that Oklahoma will be the object of a visit all to herself. Kansas and Nebraska may be linked together in thought or in a visit from the commercial club, but Oklahoma stands alone.

Donation for Reading Room.

Mrs. J. C. Bell some time ago wrote to her former home, Erie, Kan., and asked friends there to send magazines and books for the reading room. They responded, and yesterday an immense chest of books arrived to make glad the hearts of the ladies in charge as well as the readers who will gain benefit and pleasure from their perusal.

There are scores of magazines—Arena, Munsey McClure, Cosmopolitan, Scribner, bound magazines and papers, a large leather Webster's unabridged, histories, fiction, a regular treasure chest of good reading. It is a splendid remembrance and thanks are due Mrs. Bell for the happy thought and the good women of Erie for carrying out her suggestion.

So that there might be nothing cold in the beautiful spirit of charity shown, the books came by prepaid freight.

Rest and Reading Room.

There is to be an entertainment tonight for the benefit of the reading room. This reading room is an institution of which Anadarko justly feels proud. There aren't many books there (a fine place though to donate any surplus fiction or history or scientific works, magazines or papers), but the room is

always warm and pleasant, plenty to read and a good light to read by, and whenever there is an entertainment or social every person in the city should try to attend for it costs money to keep up the place and the W. C. T. U. ladies need your help to maintain the room.

There is nothing sectarian about the reading room; it is broader than any sect, but it is humanitarian, progressive, christian. If anyone doubts the beauty of the spirit which provides such an institution let him spend some days there and see how truly it is a "joy forever."

The Last Heard of It

"My little boy took to croup one night and soon grow so bad you could hear him breathe all over the house," says F D Reynolds, Mansfield, O., "we feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis, and all other throat and lung troubles it is a certain cure. Very pleasant to take. The little one like it. W H Smith & Son.
